The Turkish Statistical Association -TSA, The Turkish Society of Statisticians -TSS and Katholieke Universiteit Leuven are pleased to organize an international actuarial meeting on Risk Measures and Solvency (RMS) on 20-24 May 2007 in Antalya Turkey.

RMS Meeting is going to take place at the occasion of the Fifth Statistical Congress (ISTKON5) organized by TSA and TSS. Both Meetings will share the same venue and utilize the conference services in common.

RMS Meeting will consist of invited talks, paper presentations and discussions on risk measures and solvency issues. Relevant research presentations on actuarial and financial risk theory, statistical methodology, data analyses and case studies will be also covered.

Please visit the RMS Meeting web site at the address www.istkon.org/rms for information about the event, registration, paper submission and related other matters.
